# Pasta Sheeter with Built-In Cutters **C230**

Four built-in pasta cutters

Thickness adjustment knob

The C230 is a workhorse table top pasta sheeter. Designed in 1985 by Enrico Capitani and EMILIOMITI, the C230 is known for being a heavy duty pasta sheeter capable of producing sheets of pasta that can be used to make tagliatelle, lasagna, and sheets for stuffed products like ravioli, tortellini, and cappelletti. Pasta sheet thickness is adjustable. Over the last 35 years, improvements have been made to the C230 for safety, sanitation, and efficiency. **New for 2019** The C230 is now 110 volt for more placement options in any kitchen environment. C230 features built-in 1.5mm, 2.5mm, 5mm, and 18mm cutters for an assortment of pasta cuts.

## FEATURES
