Pasta Sheeter with Dual Mixers

P2 DV

by La Monferrina

Optional Multi Pasta attachment

Dual mixing hoppers

Pasta laminator

The P2 DV is a versatile pasta machine that has the capability of producing 170mm (6.7") laminated sheets of pasta, cut tagliatelle, and specialty products such as ravioli and gnocchi. The P2 DV features dual mixing hoppers for continuous pasta production. As one mixer feeds the pasta laminator, the other mixes a fresh batch of pasta dough. The optional Multi Pasta Attachment allows for the P2 DV to produce fresh ravioli, gnocchi, and tagliatelle. Interchangeable ravioli moulds and cutting cassettes allow the Multi Pasta to produce various ravioli shapes and sizes along with a variety of cut pastas. The optional TagliaSfoglia Attachment automatically cuts laminated pasta sheets to length and width.

FEATURES

- › Dual Mixing Hoppers (18 kg combined) for continuous pasta production
- › Produces 170mm (6.7") Pasta Sheets
- › Conveyor Belt
- › Three Pasta Drying Trays w/ bracket
- › Three Pasta Dowels
- › Accepts optional attachments for increased pasta production and versatility

OPTIONAL ATTACHMENTS

- 1. Multi Pasta Attachment:** The Multi Pasta allows you to make ravioli, gnocchi, and cut pastas on the P2 DV. Optional interchangeable inserts allow for a wide variety of pasta production.
- 2. TagliaSfoglia Attachment:** The standalone TagliaSfoglia Attachment automatically cuts pasta sheets to width and length.
